News and Views . . .

and what have you

by BOB CRAIG

There has been quite a bit of talk this week about the three deaths over the state so far this year during football training. This has undoubtedly caused much justifiable concern among parents who have boys out for football.

For what it is worth a column last year in the Texas Interscholastic League newspaper stated that statistics prove that the man hours spent in sports would cause a much higher death rate if spent running around in cars and so forth.

Along this same line it seems that safety is like a lot of other things in that when you solve one problem you create another and sometimes worse problem.

I read over the week end where some authorities now believe that the nose guards on football helmets are the cause of some neck injuries and resulting deaths. It seems that the leverage of the guard causes the back of the helmet to strike the neck a damaging blow.

Steps are being taken now to redesign the helmet to avoid this.

September 1st is a date that should be circled on everybody's calendar. The state's first sales tax goes into effect on this date, the Pipers open the football season against Cisco here, and dove season opens for hunters.

The family and I and my wife's folks spent a long week end in San Antonio this past week end with my wife's brother and his family. My wife's father and brother and I went down to Port Aransas on a fishing trip and like most trips that are planned for a long time the weather seemed to be working against us with it raining much of the time. The fishing has been great down there for the past few weeks but this week was a different story.

This really didn't matter too much to me since I never catch any fish anyway and you can catch more fish down there when fishing is bad than you can most places when it is good.

I guess I am like most people after a vacation, I keep telling myself that I have had my vacation now and it is time to go back to work and enjoy it, but I don't seem to be getting through with the message.

and the new wheat stabilization program will be in effect for the 1962 crop year. In order for these programs to be put into effect, at least two-thirds of the producers voting in the Referendum must favor them.

If quotas are approved by the necessary two-thirds majority, wheat grown on acreage in excess of the farm allotment or farm exemption will be subject to marketing quota penalties. Wheat, for producers who comply with the allotment notices received and also devote the acreage from which the allotment was reduced to approved conservation uses, will qualify for price support at approximately \$2.00 per bushel and will qualify for payment at the rate of 45 percent of the approved yield per acre times the price support rate of wheat. Those producers who do desire may divert up to 40 percent for payment. Acreage diverted in excess of 10 percent will be paid for at 60 percent of the yield per acre times the price support rate.

If quotas are not approved by the necessary two-thirds majority there will be no restrictions on wheat marketing, the 1962 Wheat Program will not be in effect, and price support would be available at 50 percent of parity for those producers who comply with acreage allotments.

Weaver urges every eligible producer in the County to express his wishes in this matter by voting in the Referendum on Thursday, August 24th.

SURVEY REVEALS THAT RELIGION AND NOT SEX, VIOLENCE OR ROMANCE IS TOP THEATRE DRAW

Contrary to what one might suppose from reading the daily newspapers, it is religion—not sex, violence or romance—that provides the greatest guarantee for the boxoffice success of a motion picture today.

That is the somewhat surprising conclusion of a recent survey into the nation's movie-going habits. Conducted by the famous Sindlinger Research organization, the survey revealed that when a film stressing sex is matched against one placing the emphasis on religious and spiritual values, it is the latter that most likely will draw the greater audience.

The research group was engaged by the Metro-Goldwyn-Mayer film company to conduct an extensive survey in connection with its Academy Award-winning production, "Ben-Hur." The company was anxious to determine which of the many elements in the spectacular would appeal most greatly to the public and the survey covered hundreds of persons in every walk of life and in every section of the country.

Although Gen. Lew Wallace's famous novel, first published in 1880, does not contain any lines that might be construed as sex or sensationalism, there is an underlying theme of a

AREA'S MILO HARVEST NEARS START

The area's milo harvest is expected to be underway by this week end or the first part of next week according to Robert Fowler at Moore's Elevator.

Some of what is expected to be a bumper crop is coming in this week and is averaging between 2,500 and 3,000 pounds per acre. The area average over the years is about 1,000 to 1,200 pounds.

The new farm program on grain has cut the area plantings to about 70 per cent of last years acreage. Cash price on milo here this year is \$1.50 and the loan price after deductions is \$1.75.

Most farmers are expected to leave their crop in the fields until the moisture drops enough for it to go into loan for the extra 25 cents a hundred.

the most attractive in each age group interviewed and emerged on top in both the male and female divisions, except in the case of males of the 12-17 age bracket. This group declared in favor of the action scenes and revenge theme.

Ever since "Ben-Hur" was published and gained the largest circulation of any book ever printed, except the Bible, the story carried the subtitle: "A Tale of the Christ." This label also was on the stage production and on the silent motion picture version in 1925, both of which were sensational successes. General Wallace, during his lifetime demanded that the subtitle be used. After his death in 1905, the religious reference continued to be added to the title.

The Sindlinger survey reported that exposure of the subtitle, "A Tale of the Christ" increased the desire to see "Ben-Hur" among almost 75% of those interviewed.

This survey merely confirms a public reaction that has been proven many times," says an MGM executive. "The outstanding successes of the screen for years have been stories with a strong religious theme. And the greater the spiritual impact the greater the success at the box-office."

Ben-Hur opens at the Hamlin Drive-In August 31 for one week.

40 Years Ago--

This week the City Council received the resignation of Mr. Johnson as City Marshall and in his stead they appointed a Mr. W. A. Davis. The new Marshall is already on the job and waiting for something to take place. A new night-watchman, Mr. W. L. Beavers, now keeps the vigils of the hour. He has had this place before and now takes the place of Mr. Howington, who resigned . . . The cotton season has opened in full earnest. The hot weather is popping it open with a vim. Hamlin's four big gins are beginning to operate every day, now and the price of cotton is running around 15 cents . . . The big Union Tabernacle was filled on the last Sunday night to hear a lecture by Prof. A. S. London, of Central Nazarene College. He took as his subject the "Making of a Man and the Hindrances to Mankind."

25 Years Ago--

Even the most optimistic could not think of as much as 15,000 majority for Hon. Clyde L. Garrett, before the election closed on Saturday, only a few could think of Mr. Garrett carrying the home county of Mr. Blanton . . . Last week two fine looking young fellows, Earl Alfred and E. O. Allred arrived in Hamlin with a stock of Automobile Supplies and began to get ready for business. They have secured the building owned by Mrs. E. M. Wilson, first door south of the Wilson Hardware Co. . . S. O. Townsend opened the Gulf Service Station south of the Santa Fe R. R. . . Mrs. J. B. Hudson entertained at her home on Monday afternoon honoring her son, Paul Gwyn Hudson, on his fifth birthday. Ten new two room apartments are being constructed by the Western Compress and Storage Company for occupancy by the employees of the plant and their families . . . Equipment was this week being installed in the building adjoining the Herald plant on the south by Clyde Huff, who announces that the Ideal Steam Laundry will be ready to open within the next

three or four weeks . . . J. C. Scott, new minister of the Hamlin Church of Christ, and family were this week getting settled in their new home in town . . . Final night of operation of the Hamlin Youth Center will be climaxed Saturday evening at 8:00 with a big watermelon slicing according to officials of the Hamlin Ministerial Alliance, under whose auspices the center has been conducted for the summer.

5 Years Ago--

Nearly half a million dollars will be spent on a major highway improvement program from Hamlin to Aspermont, a distance of approximately 20 miles. . . Better than usual interest in a run-off election is being shown by Hamlin area voters in the balloting scheduled for Saturday. Of course, the only local race of interest is that for sheriff, in which Sheriff Dave Reves, serving his second term, is being contested by O. D. (Dole) Woody . . . Mr. and Mrs. J. C. Farmer had an extra passenger as they went to church at Hanna about dusk Monday. But he entered their car a little unethically—through the windshield. As they drove along the road a cottontail rabbit jumped up on the hood of their car and knocked a hole in the windshield. The rabbit was not killed and after giving him first aid, the animal was released several days later with a broken hip and a gashed head . . . Mr. and Mrs. T. A. Jeans, pioneer farm couple living west of Hamlin in Fisher County, did not let the fact that Mr. Jeans was in the Roman hospital keep them from celebrating their fifty-eighth wedding anniversary.

September Draft Quota Set at 1,112

AUSTIN—The state draft quota for September, on file at state Selective Service headquarters early Friday, is almost double the August call. The September call for Texas' 137 draft boards is 1,112, compared to 561 for August. Colonel Morris S. Schwartz, state director of Selective Service, announced. The September quota of 1,112 is the state's share of a national quota of 25,000 men, all for the Army. The September induction call is the largest received by Texas since January 1955, when the quota was 1,249. Colonel Schwartz also announced that local board would be directed to send 5,004 men for pre-induction examination in September, compared to 3,655 for August.

IT NEVER FAILS

THE HAMLIN HERALD

AUGUST 24, 1961

AUSTIN, Tex.—Ben Ramsey's appointment as Railroad Commissioner—after a decade in which his name has been synonymous with the Lieutenant Governorship—carries with it several major political implications. First, it's a pretty safe bet that the quiet-spoken East Texan will not be in the field of contenders for the Governor's chair. Pre-campaign speculation has had Ramsey in practically every gubernatorial race in recent years. Second, it leaves the 1962 race for the Lieutenant Governorship wide open. At least a half-dozen likely prospects already have been mentioned. Third, it puts Sen. Bruce Reagan of Corpus Christi automatically in charge of the Lieutenant Governor duties. He was elected by his colleagues as President Pro Tempore of the Senate shortly before Gov. Price Daniel's an-

nouncement of Ramsey's appointment. There could be several "Lieutenant Governors" before the election this year. This depends on how many legislative sessions occur between now and then. Texas' Constitution provides that a President Pro Tempore shall be elected at the beginning and at the end of each session. Governor Daniel has announced that he will call another special session before the end of the year. So it will be up to the Senate to elect a man who will assume the duties of Lieutenant Governor for that session. Then another will be chosen for the interim between it's windup and the beginning of the next one. And so on! Meanwhile, Reagan is first in line of succession to the Governor's office. Ramsey's appointment to the \$17,500 a year Railroad Commission post came as no surprise in political circles. Appointment is for the unexpired term of the late Olin Culberson, which runs until January 1, 1963. Then, if Ramsey desires a full six-year term, he will have to stand for election. Ramsey joins Ernest O. Thompson and William J. Murray, the present chairman, on one of the most important agencies in the state government. The Railroad Commission not only regulates all Texas oil and gas production, but all highway and railroad freight and passenger rates in the state. ANOTHER SPECIAL SESSION ASSURED — At the close of the called special session which voted a teachers' pay raise averaging \$810 per year, Governor Daniel announced he will call another session sometime before the end of the year, to act on several matters. He said he will submit such subjects as loan shark control legislation, a law to include banks in the recently-passed abandoned property act, juvenile delinquency legislation, and controls over municipal annexation. The short session, in addition to the teachers' pay raise, also provided additional money for the operation and maintenance of school buses and for administration. A law requiring runoffs in congressional elections when one candidate doesn't receive a majority was passed in the dying moments of the session. Although the major objectives of the Texas State Teachers' Association have been reached, there are more to come. These include a sick leave plan for teachers; provision for assistant superintendent units for large school systems; using average daily attendance, instead of scholastic census, as the factor for determining distribution of the State's available school funds to local districts; more driver education teachers; compulsory attendance for all children, six through 16, for the whole school year; and creation of regional film libraries. Incidentally, the \$810 teacher pay raise doesn't necessarily

NEINDA PHILOSOPHER WANTS HIS TRACTOR HIJACKED, REFLECTS ON REWARDS RUSSIAN SPACEMEN GET

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 has been keeping up with the news lately, his letter this week indicates. Dear editor: I was out here on this John-

son must be met September 1, "would be disastrous to the State of Texas, its school children, state institutions, old age pensioners, and other programs which are dependent upon adequate revenue and appropriations." "It is with considerable regret," he said, "that I feel compelled to permit this type of bill to become law. Among other inequities it contains a limited type of general sales tax which I have opposed for 22 years."

There is no time to "re-fight" the tax battle, he added. SCHOOL BUS PRICES FIXED? — An anti-trust suit has been filed by Atty. Gen. Will Wilson against 16 persons and firms. Suit alleges that bids on school buses sold to the state have been rigged.

Wilson said something like 5,100 buses costing \$23,000,000 are involved. Allegation is that those named agreed to "fix, maintain and increase the price at which school buses are sold in the State of Texas."

Suit asks penalties up to \$3,600,000 for price-fixing acts covering a period from January 1, 1955 to August 16, 1961. D.O.S AND DONT'S WITH STATE MONEY—The Legislature says it's all right for the Governor to transfer funds from other appropriations into the Civil Defense and Disaster Relief appropriation if the President proclaims the national safety is in danger.

It also says he can purchase a \$10,000 limousine for official use—but Governor Daniel quickly announced he would not do so "as long as the state deficit continues."

Legislature says it's not all right for state money to be spent on embossed or engraved printing or stationery, except for the offices of Governor, Lieutenant Governor, Speaker of the House, members of the Legislature, and for degrees and diplomas from state institutions of higher learning.

SHORT SNORTS There will be no more game warden in Texas after September 1. Thereafter they will be called "conservation

officers." "Actually," says Howard Dodgen, secretary of the Game and Fish Commission, "they spend more time on prevention of violations than in actually making arrests." Big rhubarb is in the making in Texarkana, over the new two per cent sales tax for Texas. When Arkansas levied a three per cent sales tax, Texarkana, Arkansas, was exempted because Texas had no sales tax. There was a provision, however, that when Texas does levy a sales tax, citizens of Texarkana, Arkansas, must start paying the Arkansas tax.

which may be progress to some people but it isn't my notion of it, but what interested me was a paragraph saying this flier, just like the other one, would be given an automobile.

For conquering space, a Russian gets what us Americans are already swamped with. Funniest way to distribute automobiles I ever heard of, and it's also an index to what man really thinks about space. He may be curious about it, but once he's been out there, he sure is interested in getting back to earth and sampling some of the pleasures of the world, like driving an automobile or going to sleep in his own bed.

People are always talking about conquering space, but it's sort of like me conquering this Johnson grass farm. You can make a dent in it, but you never really get it conquered; the minute you turn your back it starts closing in on you.

Understand, I'm not discounting what the Russian astronauts have done, but it sure seems like going to a lot of trouble to get a slap on the back and a new car, when anybody in America can get the same thing just by walking into the nearest car dealer's show room and waving the downpayment.

Yours faithfully, J. A.

OLD GLORY NEWS--

By HELEN DIERS

The Old Glory Girls' 4-H Club met in regular session for the 2nd annual installation ceremony. Helen Diers opened the meeting. Sharon Leverett read the minutes and gave the roll call. Billie Vahlenkamp and Rebecca Letz, along with other girls gave a skit entitled "Do You Have Any Lollipops?" After the meeting, all guests were required to leave the room. At this time, the veneration blinds were pulled and the new officers practiced the ceremony. The decorations and setting for the ceremony are as follows: The piano had a potted plant. In the center of the stage were the portable steps. On one side was a small table graced with a table cloth. A green strip of material was placed down the center of the cloth to the floor. A white "4-H" edged in glitter was placed in the center of the green "wall." Two tall green candles in crystal holders were on top of the table, along with the officer's small candle, which were held in a star shaped holder. On the left side of the stage was a decorative plant holder with three potted plants. The ceremony was conducted and planned by Kathryn and Florence Erdman and Helen Diers.

All the guests and members re-entered and were seated. The new officers marched in and took their places on chairs in the auditorium. Kathryn Erdman led the motto, pledge, and prayer. Florence Erdman opened the stage curtain to

reveal the setting, which was illuminated by soft colored lights, the only light in the completely darkened room. She gave a welcome to the guests and Helen Diers took her place behind the table and gave the reasons for having an installation ceremony. Sharon Leverett, president, lit her candle, and gave her promise, then walked up to the top of the steps. Next came Stephanie Letz, reporter; Judy White, historian; Carolyn Sanders, Secretary; Billie Vahlenkamp, Vice-President; Linda Gholson, treasurer; and Mrs. Oren Baldree, adult leader. All of the officers together formed a triangle on the steps after they had their candles lit and promises given. Sharon Leverett stepped down and walked to the table. Helen Diers gave a short farewell address and handed her duties over to Sharon, who adjourned the meeting.

Hostesses were: Rita Baldree, Rebecca Letz, Judy White, and Reva Letz. The refreshment table was graced by a white cloth and two green candles in green, clover, styrofoam holders. Green punch in a punch bowl and cupcakes were served. During the interval before refreshments, Sharon Leverett, Carolyn Sanders and Susan Baldree led two songs.

The Stonewall County Farm Bureau Queen's Contest was held on August 14 at the American Legion Hall in Aspermont. Florence Erdman, 20, daughter of Mr. and Mrs. Benno Erdman, Old Glory, was elected Senior queen. Runnerup was Sharon Leverett, 16, the daughter of Mr. and Mrs. V. R. Leverett, Old Glory. Third place went to Billie Vahlenkamp, daughter of Mr. and Mrs. Bill Vahlenkamp, Old Glory.

Winner of the Junior Division is Brenda Dalby, 14, of Aspermont. Runnerup is Linda Gholson, 14, daughter of Mr. and Mrs. Cliff Gholson. Truette Hennig, County Agent, acted as Master of Ceremonies, asking each entrant questions revolving around Farm Bureau.

Entertainment for the evening was provided by a musical group: Jon Adams, Marion Carter, Jimmy Shivers, all of Hamlin, and Betty Jo Blair, Aspermont.

Decorations consisted of red and white crepe paper ruffles, bows, and hearts. The queen's crown was made with red felt, trimmed with a silver edge and pearl hearts.

Miss Erdman will compete

in the District Contest, which will be in Vernon on August 28.

Guests in the home of Mr. and Mrs. E. H. Diers on August 16 were: Mr. and Mrs. Buster Tredemeyer; Mr. and Mrs. Harvey Hahn, Jerry and Loy; Mr. and Mrs. John Neumann, Beverly, Linda, and Martha; and Mr. and Mrs. Benno Erdman, Kathy and Florence. They celebrated Helen Diers' 17th birthday.

Mrs. Ed Letz honored Peggy, Jeff, and John Pumphrey with a party recently. They are the children of Mr. and Mrs. Jay Pumphrey and have moved to Fort Worth. Swimming was enjoyed in the Aspermont pool and refreshments were served in City Park. Present besides the honorees, mother and grandmother, Mrs. Johnnie Pumphrey, were: Annalynn and Tommy Pritchard, Johnny Garner, Weldon Spitzer, Tony Kruber, Kathy, Timmy, and Terry Pangle, Ricky and Randy Suggs, Pam, Montv, Mick, Mike, and Kenneth Jones, Dale, Steve, Russell, Regina, Reva, and Stephanie Letz, Irene Vargas, Mrs. E. H. Jones, and Mrs. Allen Letz.

The Variety Club had their annual Ice Cream Supper on August 18 at the Old Glory

School Cafeteria.

The Old Glory Homecoming will be held on September 3. Please send in your money as soon as possible.

The Tredemeyer family reunion will be held on August 27 at the Sons of Hermann Hall. Lunch will be served at noon.

TOMORROW

Ask Mom, Dad, Brother and Sister what the electric cooperative has brought. Mom will vote for running water and an all electric kitchen.

Dad might say air conditioning and refrigeration.

Brother probably lists Television and his Radio.

Sister likely will choose her hair dryer and, much as she hates to use it, the vacuum cleaner.

But there are many, many other appliances and work saving devices each could choose, all made possible by the electric systems of which they are member-owners. Rural people borrowed money to build their own electric systems and they are proud that their efficient low cost electric service is Building a Brighter Tomorrow.

CHANGE PARTNERS... FOR A CHANGE

Dear Amy:

I've never written a letter before asking advice but I guess there is always a first time for everything. My wife and I play bridge once a week with my boss and his wife. It has been a standing date for years. I used to enjoy playing but lately my wife and I can't seem to hit it off as bridge partners. Invariably, my wife and I have an argument all the way home because she feels I didn't play well enough. My boss looks forward to our date so I don't want to tell him that we can't play anymore. How can we continue these bridge games and at the same time avoid arguing?

Played Out

Dear Played Out:

A husband and wife can get along nicely as life partners, if they can avoid being bridge partners. It's time for a change... bridge partners that is. Team up with the boss' wife. It will make for a better game and fewer arguments.

Dear Amy:

My husband is taking his annual business trip to Miami, Florida and as usual, he advertised for riders to help pay traveling expenses.

This time he received only one answer to his ad and that was from two sisters in their mid-twenties who are going to Miami to look for work. We checked their references and everything seems all right.

My friends are all kidding me about my husband going on such a long trip with two single girls, so now I'm beginning to have some doubts. Do you think that I should let him take these girls along or try to get a male rider?

Distressed

Dear Distressed:

You know your husband better than I do. But since the odds are two to one, I don't think you have anything to worry about.

Dear Amy:

Would you please answer the following question for us? For a father's funeral, please give us the correct order to be taken in the procession for the following people: Wife; 4 single children; 1 married son, wife and 4 children; 2 brothers (one brother has a wife and 5 single children, the other brother has a wife and 3 married children—each with a

wife and family); fiancé of one of the father's daughters; mother-in-law of the married son and finally 4 sisters of the father's wife.

Over this we had a family argument.

Mrs. M. L. S.

Dear Mrs. M. L. S.:

The correct procedure is for the family (in the order of their relationship to the deceased) to follow up the aisle when the casket is carried into church.

However, I think you are all making a 'big do' over what is most insignificant at this time of sorrow.

Dear Amy:

I am the mother of a 15-year-old daughter. She is pretty and very popular. Recently she met a boy two years older than herself and they have decided to go 'steady.' I like the boy well enough but I feel my daughter is too young to go steady. I would like her to enjoy her summer vacation and not be tied down to one boy.

For my opinion, I'm considered a 'square.' Please print this letter in your column because I would like to hear from other parents who have this problem with their teen-agers.

A Mother

Dear Mother:

Your teen-ager will have to make that 'square' big enough for both of us. I hope I hear from many parents and teen-agers who would like to be heard on this business of 'going steady.'

Dear Amy:

Where I work the employees get health check-ups twice a year. I had mine last week and to my surprise they found I had diabetes. I haven't told my wife because she is not in the best of health herself and gets excited easily. I love her very much and I don't want her to worry. Shall I keep my problem to myself for a while or tell her?

Mr. B.

Dear Mr. B.:

Tell her as soon as possible. Your illness is her problem too. You will find a woman is strong when you need her the most!

Dear Amy:

Please address all letters to: AMY ADAMS c/o THIS NEWSPAPER For a personal reply enclose a self-addressed, stamped envelope

FAIRVIEW NEWS--

By MRS. ELMER JOINER

Visitors in church services Sunday morning were Mr. and Mrs. Rex Jones, Mark and Sherrie Lynn from Abilene, they were visiting his parents, Mr. and Mrs. Mel Jones.

Among the visitors of Mr. and Mrs. E. A. Henry last week were Mr. and Mrs. Jimmy Henry and family of Oklahoma City, Mr. and Mrs. Clois Henry and family of Snyder, and a grand daughter, Mrs. Linda Sansing of Austin.

Mr. and Mrs. Woodrow Goodwin and Linda, took a little vacation trip out in New Mexico last week. They visited with her sister, Mr. and Mrs. Elmer Smith in Carlsbad, one night, they visited with some old friends at Clovis. Other places they went sight seeing were Pecos, Santa Fe, Las Vegas and Glorieta.

Mrs. George Waincott returned home last Tuesday morning from a train trip to the northern part of California. She visited her son and family, Thomas Stephens, of Camp Beale, and a sister at Modesta, California.

Mr. and Mrs. Jimmy Joiner, Jeannie and Ronald of Stam-

ford visited Mr. and Mrs. Elmer Joiner Sunday afternoon. Also spending Sunday with the Joiners were Rev. and Mrs. Doyle Combs, Brenda, Cathy and Johnny.

Several from out our way attended the Pioneer Day last Thursday held in Hamlin, at the Primary school cafeteria. A good crowd was there, lots of good food was served and a good program was enjoyed. The main address was made by the Rev. Walter Copeland, re-tired Baptist minister, and a resident of Haskell. Rev. Copeland is a former pastor of the Fairview Baptist Church, his wife is the former Bessie Treadwell.

Mr. and Mrs. Elmer Joiner were among those of the Good Neighbor Home Demonstration Club, that enjoyed a family picnic at the Hamlin park last Friday night. In answer to the editorial about our people going other places to picnic, the club decided that Hamlin had something in their park that other towns nearby doesn't have, a deer in the park area. But little Danny Brown has other ideas about the deer as he tried to pet it and it pawed him, not hurting him but frightening him almost to death.

Ronald Joiner of Stamford, spent two days last week with Grandpa and grandma Joiner. The pastor, Doyle Combs, and Winson Gray thought they had quite a job last week when they went to Fort Worth to move the pastors house hold furnishings to our community. It seems that moving is more of a woman's job as far as the packing is concerned, but they finally made it, and they got moved into the Herman Propst house. Now all that is left is up to the wife to get it

all unscrambled.

Mr. and Mrs. Buck Joiner, Charles, Jerry and Susan, visited with his parents, Mr. and Mrs. Elmer Joiner last Friday night.

Mr. and Mrs. Joe Ford went to Big Spring to their son, Mr. and Mrs. Eudell Ford and spent Saturday night, then Sunday they all went to Lamesa to visit with a grand daughter, Mr. and Mrs. Bobby Warren. Mrs. Warren is a daughter of the Eudell Fords. Mr. and Mrs. Winson Gray went to Anson Sunday to a family reunion.

Civil Service Has Opening

The U. S. Civil Service Commission has announced a new examination for Entomologist (Plant Pests) and Plant Pathologist (Forest and Forest Products) for filling positions paying starting salaries from \$6,435 to \$8,955 a year. Most of the positions to be filled are with the Forest Service of the Department of Agriculture and are located throughout the United States, including Alaska, and Puerto Rico. Positions in other Federal agencies may also be filled.

No written test is required. To qualify, applicants must have completed pertinent college study and have had appropriate professional experience. Graduate study in a field appropriate to the position applied for may be substituted for the required experience for positions paying \$6,435 and \$7,560 a year.

Applications for this examination will be accepted until further notice and must be filed with the Executive Secretary, Board of United States Civil Service Examiners, Department of Agriculture, Washington 25, D.C.

Further information and application forms may be obtained from many post offices throughout the country or from the United States Civil Service Commission, Washington 25, D.C.

INCREASED DRAFT CALLS WILL NOT EFFECT COLLEGE STUDENTS

AUSTIN, Texas, Aug. 9—Students who plan to continue their studies in college or university and those planning to enter their freshman year should not let increased draft calls interfere with these educational plans.

That is the advice of Colonel Morris S. Schwartz, state Selective Service director, who heads the 137 Texas draft boards.

"Students will be considered for scholastic deferment and will, in all probability, be given the deferment if they are full-time students and are making passing grades," Colonel Schwartz said Wednesday.

The state Selective director is convinced that draft boards are "conscious of the need for a continuous supply of trained

and educated people in the state and nation."

Colonel Schwartz said that "knowledge is the basis of strength" in our armed forces, on our farms, and in our laboratories, factories, and professions.

"Mirabeau B. Lamar put it better than I ever could," he stated. "When the father of education in Texas said, 'The cultivated mind is the guardian genius of democracy,' he uttered something for posterity."

The state Selective director pointed out that, under present policy, no one is drafted under age 22. He said he did not expect increased draft calls to alter this policy, at least for the foreseeable future.

"Under this policy alone," he said, "some young men will have a good opportunity to complete work toward some bachelor's-level degrees before being considered for an induction call."

He counseled students to seek deferments from their local boards when these deferments are needed for the students to complete their college or university work.

Texas draft boards currently have more than 8,000 college students deferred on the basis of educational deferments in the state's consolidated military manpower pool.

Some college students also get deferments for their activity as students taking military training. This activity includes ROTC and other officer-training programs and enlistment in the National Guard and reserve organizations of the armed forces.

Currently there are almost 44,000 draft-registered men classified by the state draft boards as being reservists or students taking military training.

Colonel Schwartz urged young men, both in and out of college, to seek information and understanding from their draft boards.

"After all is said and done," he counseled, "no one is better prepared to advise draft age men than the draft boards."

68 Attend Pioneer Day Celebration Here August 17

Sixty-eight people attended the Pioneer Day celebration of the Fairview and Tuxedo communities held at the primary cafeteria Thursday, August 17.

Highlights of the day included the election of officers, covered dish luncheon, special recognitions and a memorial service.

Mrs. Johnie Agnew was elected president for the next year replacing H. E. Brown and Robert Johnson was elected vice president. Mrs. B. H. Gardner will serve as secretary-treasurer replacing Mrs. Carl Greenway.

Guest speaker for the day was the Rev. Walter Copeland of Haskell, a former pastor of the Fairview Baptist Church. His wife is the former Bessie Treadwell of that community.

The song service was directed by Morris and Spurgeon

Reeves. Mrs. E. A. Hewitt gave a reading.

An arrangement of flowers was presented to Mrs. Mattie Smith of Anson, 89 years old, for being the oldest person present. Mrs. Effie Wilson Willingham of Fresno, California, was recognized as having traveled the greatest distance for the affair. Mr. and Mrs. Andy Dixon were honored as the couple who had been married the longest. They have been married 57 years.

A memorial service was held to honor those who had died since the last reunion. They were Oscar Jenkins, Ike Dixon and Mrs. Roscoe Greenway. Those attending were from Houston, Dallas, Ft. Worth, Tohoka, Anson, Stamford, Wichita Falls, California, Hamlin and surrounding communities.

The number of credits needed for retirement benefits under social security has been reduced; persons denied earlier should recheck with their

social security office.

Widows, dependent widowers, a dependent parent will receive 82 1/2% of the deceased's basic retirement amount instead of 75%, effective early in September, 1961.

to live by...

It's quiet inside. Quiet with the peace of centuries, for this is God's House.

Within these walls, the worries which loomed so large outside become less fearsome... for the first time perhaps you see them in their true perspective. If this alone were the reward of Faith, it would be enough. But there is more.

Faith is a source of strength, a reservoir of power that helps you meet the needs of every day. By worshipping with your family each week at your Church or Synagogue, you're giving them a measure of security no amount of money could buy. The Faith to hope... to grow... to live by.
